On November 27th, Crystal Taylor of Crystal Clear Communications presented "Fundraising at your Fingertips: Navigating a Cashless Society."

Online giving grew by 12.1% over the past year. Overall online revenue increased by 23% over the past year, up from 15%.

Methods of giving vary by generations including millennials, Gen X and Boomers. Fintech is financial technology. Why are you hesitant to use online payments and banking, digital money, and crowdfunding? Are you afraid people will get your financial information? Online banking is protected by features like: two-factor authentication, firewalls, anti-virus protection and SSL encryption. Look for https: meaning a secure site.
